PROJECTS

Gadgets.in - UI /UX (User Interface/User Experience) I am designing an UI for a webpage using FIGMA, I have added various elements in this project which make it more eye-catchy for a customer and for young youth too. It is basically an UI for a store which sells electronic gadgets, like for example: Amazon	Jan 2024 - Present
JetSetWheels - Computer Science(FrontEnd WebPage) I am currently developing my own webpage using HTML,CSS and Javascript . Basically it is an website where you can buy supercars. I am making this website very aesthetically by adding various CSS functionalities which make the webpage more eye-catchy.	Nov 2023 - Present

POSITION OF RESPONSIBILITY

EXTRA CURRICULAR ACTIVITIES

Social Help I visited an NGO in Bibwewadi, Pune. Basically it was an NGO where childrens who are physically disabled were being taught how things work in a real world and introduce them to today's world technologies. I spend a day with those kids and had talks and fun with them.
